GENDER - MAINSTREAMING - PUBG 2022

SURAKARTA CITY REGULATION NO.2, LD 2022/NO.2, 15 PAGES

REGIONAL REGULATION ON GENDER MAINSTREAMING YEAR 2022

ABSTRACT : - Gender mainstreaming in the region is a strategy built to integrate gender as an integral dimension of planning, drafting, implementation, monitoring, and evaluation of policies, programs, and development activities in the region. This regulation on gender mainstreaming aims to achieve gender-responsive regional budget management and to realize gender equality and justice in family, national, and state life in the positions, roles, and responsibilities of men and women as human beings and development resources.

- The legal basis for this Regional Regulation is: Article 18 paragraph (6) of the 1945 Constitution; Law No. 16 of 1950; Law No. 39 of 1999; and Law No. 23 of 2014.

- This Regional Regulation is a follow-up to the optimization of PUG implementation through Regional Apparatus in addressing gender issues in an integrated manner. The implementation of Gender Mainstreaming is based on the values of human rights respect, justice, participation, equality, inclusion, mainstreaming, and non-discrimination. The purpose of this Regional Regulation is to serve as a reference for regional government officials in drafting gender integration strategies in planning, budgeting, monitoring, and evaluating policies, programs, activities, and sub-activities of regional development, as well as providing a legal basis for efforts to accelerate the achievement of gender equality and justice. The Surakarta City Government needs to establish a Regional Regulation that will serve as the basis for the implementation of PUG in the administration of government, development, and gender-responsive public services.

NOTE : - This Regional Regulation comes into effect on the date of promulgation, May 9, 2022.
